SoP of penalty for riding without Helmet

The purpose of this SOP is to outline the stages involved in the actions to be taken by authorities post catching an individual or group riding a motorized two wheeler without helmet. The implementation of mandatory helmets will contribute significantly to the drop of fatalities in two wheeler crashes, as it is often observed that the riders are driving without helmets.

The mandatory use of helmets will reduce the deaths due to the present road safety situation and will be an effective step in Road traffic injury prevention and mitigation
